Portability Privilege Amendment

This Amendment is part of the form to which it is attached. Unless amended by this document, all definitions, exclusions, limitations, terms, and other provisions apply. For the purpose of this Amendment, “you” (including “your” and “yours”) refers to the Insured named in the Certificate Schedule.

Effective Date

This Amendment becomes effective on the Effective Date of the form to which it is attached.

Portability Privilege

The following language replaces the ELIGIBILITY provision found under SECTION I – ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION of the Master Policy and the Certificate of Insurance:

ELIGIBILITY — CLASSES OF COVERAGE

Class I

All full-time and part-time benefit-eligible Employees are eligible for Class I coverage. That eligibility extends to their spouses and children under age 26.

Class II

A Class I primary insured is eligible for Class II coverage if he:

- was previously insured under Class I; and
- is no longer employed by the Policyholder.

The Employee must elect Class II coverage under the Portability Privilege within 31 days after the date for which his class I eligibility would otherwise terminate.

Only Dependents covered under Class I coverage are eligible for continued coverage under Class II.

Class II insureds cannot continue coverage through the employer’s payroll deduction process. They must remit premiums directly to the Company.

The following language replaces the TERMINATION OF THE PLAN provision found under SECTION I – ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION of the Master Policy.

TERMINATION OF THE PLAN

The Plan will cease if the premium is not paid before the end of the Grace Period.

After the end of the first Plan year, the Company has the right to cancel the Plan. To do so, the Company must give 31 days written notice that the plan will end on the date before the next premium due date.

The Policyholder has the right to cancel the Plan on the date before any premium due date by giving 31 days written notice.

Upon such termination, Class I and Class II coverage will be affected as follows:

Class I

If terminated, this Plan and all certificates issued under this class will terminate on such date at 12:01 a.m. Standard Time at the Policyholder's address. This will be without prejudice to the rights of any Insured regarding any claim arising while the Plan is in force.

The Policyholder has the sole responsibility to notify Class I Employees of such termination. When notice of termination is received by the Company, the Portability Privilege under Class I coverage is no longer available.

Class II

The group policy will remain active, and coverage under Class II will continue as long as premiums are paid, subject to the premium grace period. Notification of any changes in the plan will be provided directly to each insured by the Company. The Policyholder will lose any rights and obligations under the Plan.

The following language replaces the TERMINATION OF AN EMPLOYEE'S INSURANCE provision found under SECTION I – ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION of the Master Policy and the Certificate of Insurance.

TERMINATION OF AN EMPLOYEE'S INSURANCE

An Employee's insurance will terminate on the earliest of the following:

1. the date the Plan is terminated, for Class I insureds;
2. the 31st day after the premium due date if the required premium has not been paid;
3. the date he ceases to meet the definition of an Employee as defined in the Plan, for Class I insureds; or
4. the date he is no longer a member of the Class eligible for coverage.

Insurance for Dependents will terminate on the earliest of the following:

1. the date the Plan is terminated, for Dependents of Class I insureds;
2. the 31st day after the premium due date, if the required premium has not been paid;
3. the date the Spouse or Dependent Child ceases to be a dependent; or
4. the premium due date following the date we receive the Employee's written request to terminate coverage for his Spouse and/or all Dependent Children.

Termination of the insurance on any Insured will not prejudice his rights regarding any claim arising prior to termination.

The following language replaces the PORTABILITY PRIVILEGE provision found under SECTION I – ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION of the Master Policy and the Certificate of Insurance.

PORTABILITY PRIVILEGE

Under the Portability Privilege provision, when coverage would otherwise terminate because an Employee ends his employment, coverage may be continued. He may exercise the Portability Privilege when there is a change to his coverage class. The Employee — and any covered dependents — will continue the coverage that is in-force on the date employment ends. The continued coverage will be provided under Class II.

The premium rate for portability coverage may change for the class of covered persons on portability on any premium due date. Written notice will be given at least 31 days before any change is to take effect.

The Employee may continue the coverage until the earlier of:

- the date he fails to pay the required premium; or
- the date the class of coverage is terminated.

Coverage may not be continued:

- if the Employee fails to pay any required premium; or
- if the Company receives notice of Class I plan termination.

General Provisions

Time Limit on Certain Defenses

After two years from the Insured's Effective Date of coverage, the Company may not void coverage or deny a claim for any loss because of misstatements made on the Insured's Application. This does not apply to fraudulent misstatements.

Contract

This Amendment is part of the form to which it is attached. It will terminate when that form terminates.

This Amendment is subject to all of the terms of the form to which it is attached unless those terms are inconsistent with this Amendment.

The following definition is added:

Maintenance drug therapy means ongoing hormonal therapy, immunotherapy or chemo-prevention therapy that may be given following the full remission of a cancer due to primary treatment. It is meant to decrease the risk of cancer recurrence rather than the palliative or suppression of a cancer that is still present.

Symptoms mean the subjective evidence of disease or physical disturbance.

HEART EVENT RIDER TO CERTIFICATE OF INSURANCE FOR SPECIFIED CRITICAL ILLNESS

This rider is a part of the certificate to which it is attached. We have issued this rider to you because (1) you paid the additional premium for this rider; and/or (2) we relied on the application you made. Unless amended by this rider, Certificate Definitions, other Provisions and terms apply to this rider.

The Benefits provided in this rider amends any benefits shown in the base plan for the same conditions. In no case will benefits be paid in excess of 100% of the face amount.

Effective Date - If issued at the same time as the certificate, this rider becomes effective when the certificate becomes effective. If issued after the certificate becomes effective, this rider will have a later Effective Date, which will be shown in the Rider Schedule issued with this rider.

DEFINITIONS

Specified Critical Illness means such illness shown in the Schedule and as defined in this rider.

Waiting Period means the number of days after the Effective Date before we will pay benefits for loss due to Specified Critical Illness. We won't pay benefits for a Specified Critical Illness which begins during the Waiting Period.

Diagnosed/Diagnosis means a definitive and unequivocal diagnosis made by a Physician: (1) based upon the use of clinical and/or laboratory investigations as supported by the Insured's medical records; and (2) meeting any Diagnostic Requirements set forth in the Certificate for the particular Critical Illness being diagnosed. For Benefit purposes, Date of Diagnosis means both the date the surgery or procedure occurs.

Treatment means consultation, care or services provided by a physician including diagnostic measures and surgical procedures.

Actively At Work Requirement

If an Insured is not actively at work on the last scheduled work day coincident with or preceding the date his insurance would otherwise become effective, insurance will not be effective until the date such Insured returns to and remains actively at work.

If an Eligible Dependent is unable to engage in the normal activities of a person in good health of like age and sex on the date the insurance would otherwise become effective, coverage will not be effective until the date such person is able to engage in the normal activities of a person in good health of like age and sex. This will not apply to an Eligible Dependant Child who is incapable of self-sustaining employment by reason of mental or physical incapacity, and who is primarily dependent on the Insured for support and maintenance.

BENEFIT DEFINITIONS

Category I - Specified Surgeries of the Heart

Specified Surgeries of the Heart "open heart surgery"— means undergoing open chest surgery, where the heart is *exposed* and/or *manipulated* for open cardiothoracic situations.

Benefits are paid for the following Open Heart Surgery procedures only:

1. **Coronary artery bypass surgery**, also coronary artery bypass graft surgery, or bypass surgery is a surgical procedure performed to relieve angina and reduce the risk of death from coronary artery disease.

Off-pump coronary artery bypass (OPCAB) is a form of bypass surgery that does not stop the heart or use the heart lung machine.

Coronary Artery Bypass Grafting (CABG) is used to treat a narrowing of the coronary arteries when the blockages are hard to reach or are too long or hard for angioplasty. A blood vessel, usually taken from the leg or chest, is grafted onto the blocked artery, creating a bypass around the blockage. If more than one artery is blocked, a bypass can be done on each but only one benefit is payable under this rider.

2. **Mitral valve replacement or repair:** a cardiac surgery procedure in which a patient's mitral valve is repaired or replaced by a different valve.
3. **Aortic valve replacement or repair:** a cardiac surgery procedure in which a patient's aortic valve is repaired or replaced by a different valve.
4. **Surgical Treatment of Abdominal aortic aneurysm:** To prevent aneurysm rupture. The operation consists of opening the abdomen, finding the aorta and removing (excising) the aneurysm. Abdominal aortic aneurysm is a ballooning or widening of the main artery (the aorta) as it courses down through the abdomen. At the point of the aneurysm, the aneurysm generally measures 3 cm or more in diameter.

Category I Benefits exclude all procedures not specifically listed above, including procedures such as, but not limited to, angioplasty, laser relief, stents or other surgical and non-surgical procedures.

Category II - Invasive, Procedures and Techniques of the Heart

A Category II Benefit is paid for the following procedures only:

1. **AngioJet Clot Busting** used to clear blood clots from coronary arteries before angioplasty and stenting. The device delivers a high pressure saline solution through the artery to the clot, breaking it up and simultaneously drawing it out.
2. **Balloon Angioplasty (or Balloon valvuloplasty)** used to open a clogged blood vessel. A thin tube is threaded through an artery to the narrowed heart vessel, where a small balloon at its tip is inflated. A balloon opens the narrowing by compressing atherosclerotic plaque against the vessel wall. The balloon is then deflated and removed.
3. **Laser Angioplasty.** Similar to balloon angioplasty, a laser tip is used to burn/break down plaque in the clogged blood vessel.

4. **Atherectomy** used to open blocked coronary arteries or clear bypass grafts by using a device on the end of a catheter to cut or shave away atherosclerotic plaque.
5. **Stent implantation.** Where a stainless steel mesh coil is implanted in a narrowed part of an artery to keep it propped open.
6. **Cardiac catheterization** (also called heart catheterization) is a diagnostic and occasionally therapeutic procedure that allows a comprehensive examination of the heart and surrounding blood vessels.
7. **Automatic Implantable (or Internal) Cardioverter Defibrillator (AICD).** Means the initial placement of the AICD. AICDs are used for treating irregular heartbeats. The defibrillator is surgically placed inside the patient's chest where it monitors the heart's rhythm. When it identifies a serious arrhythmia it produces an electrical shock to disrupt the arrhythmia.
8. **Pacemakers.** Means the initial placement of a pacemaker. Pacemakers are implanted to send electrical signals to make the heart beat when your heart's natural pacemaker is not working properly. This electrical device is placed under the skin. A lead extends from the device to the right side of the heart. Most pacemakers are used to correct a slow heart rate.

Subject to the re-occurrence benefit in the base plan, only one Category II benefit is payable. Benefits will not be paid for multiple procedures listed under the Category II benefit.

Category II Benefits exclude all procedures not specifically listed above.

BENEFITS

We will pay the benefit if you are treated with one of the Specified Surgical Procedures or Interventional Procedures shown on the Rider Schedule if:

1. The Date of Treatment is after the Waiting Period;
2. Treatment is incurred while this Rider is in force;
3. Treatment is recommended by a physician; and
4. It is not excluded by name or specific description in this Rider.

This Rider pays the indicated percentages of the Initial Maximum Benefit Amount shown in the Certificate Schedule that occurs while this Rider is in force. Benefits are not payable under this Rider for Loss if these conditions result from another Specified Critical Illness.

Benefits for Category II will reduce the benefit amounts payable for Category I benefits. Benefits will be paid only at the highest benefit level. If a Category I and II are performed at the same time, benefits are only eligible at the 100% (higher) event and will not exceed the amount Initial Face Amount shown on the Rider Schedule. You are only eligible to receive one payment for each benefit category listed on the schedule page.

The Dates of Loss for Covered Procedures must be separated by at least 12 months for benefits to be payable for multiple Covered Procedures.

Payment of initial, re-occurrence, or additional occurrence benefits are subject to the Benefits section of your Certificate.

LIMITATIONS AND EXCLUSIONS

This Rider contains a 30-day Waiting Period. This means no benefits are payable for any Insured who has been diagnosed for a covered condition before coverage has been in force 30 days from the Insured's

If an Insured is first diagnosed, and has a covered procedure during the Waiting Period, benefits for treatment of that Specified Critical Illness will apply only to loss commencing after twelve months from the Insured's Effective Date; or, at your option, you may elect to void this rider from the beginning and receive a full refund of premium.

PRE-EXISTING CONDITIONS LIMITATION

"Pre-existing Condition" means a sickness or physical condition which, within the 12-month period prior to an Insured's Effective Date resulted in the Insured receiving medical advice or treatment.

We will not pay benefits for any surgical procedure occurring within 12 months of an Insured's Effective Date which is caused by, contributed to, or resulting from a Pre-existing Condition.

A claim for benefits for loss starting after 12 months from an Insured's Effective Date will not be reduced or denied on the grounds that it is caused by a Pre-existing Condition.

A Critical Illness will no longer be considered Pre-existing at the end of 12 consecutive months starting and ending after an Insured's Effective Date.

Any Benefits for Coronary Artery Bypass Surgery denied under this rider due to pre-existing conditions may be paid at the reduced benefit amount under the certificate, subject to the terms of the certificate.

EXCLUSIONS

1. No benefits will be paid if the Specified Critical Illness is a result of:
 - a. Intentionally self inflicted injury or action;
 - b. Suicide or attempted suicide while sane or insane;
 - c. Illegal activities or participation in an illegal occupation;
 - d. War, declared or undeclared, or military conflicts, participation in an insurrection or riot, civil commotion or state of belligerence; or

GUARANTY ASSOCIATION**

This notice provides a **brief summary** of the Virginia Life, Accident and Sickness Insurance Guaranty Association (“the Association”) and the protection it provides for policyholders. This safety net was created under Virginia law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that a life, annuity or health insurance company licensed in the Commonwealth of Virginia becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Virginia law, with funding from assessments paid by other life and health insurance companies licensed in the Commonwealth of Virginia.

The basic protections provided by the Association are:

- Life Insurance
 - o \$300,000 in death benefits
 - o \$100,000 in cash surrender or withdrawal values

- Health Insurance
 - o \$500,000 in hospital, medical and surgical insurance benefits
 - o \$300,000 in disability [income] insurance benefits
 - o \$300,000 in long-term care insurance benefits
 - o \$100,000 in other types of health insurance benefits

- Annuities
 - o \$250,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$350,000, except for hospital, medical and surgical insurance benefits, for which the limit is increased to \$500,000.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Virginia law.

Health Plan means, for purposes of this Notice, the following plans issued by CAIC: dental, specified disease (e.g., cancer), hospital indemnity and other coverages that meet the definition of Health Plan contained in HIPAA. The following products are not considered Health Plans: coverage only for accident, or disability income insurance, or any combination thereof, life insurance, and other coverages that do not meet the definition of Health Plan contained in HIPAA.

Protected Health Information (“PHI”) means individually identifiable health information, as defined by HIPAA, that is created or received by CAIC and that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or for which there is a reasonable basis to believe the information can be used to identify the individual. PHI includes information of persons living or deceased, unless the person has been deceased more than 50 years.

USES AND DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION

The following categories describe different ways that we use and disclose PHI. For each category of uses and disclosures we will explain what we mean and, where appropriate, provide examples for illustrative purposes. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted or required to use and disclose PHI will fall within one of the categories.

Uses and Disclosures for Payment – We may make requests, uses, and disclosures of your PHI as necessary for payment purposes. For example, we may use information regarding your medical procedures and treatment to process and pay claims. We may also disclose your PHI for the payment purposes of a health care provider or another Health Plan.

Uses and Disclosures for Health Care Operations – We may use and disclose your PHI as necessary for our health care operations. Examples of health care operations include underwriting, premium rating, or other activities relating to the creation, renewal, or replacement of a Health Plan, reinsurance, compliance, auditing, rating, business management, quality improvement and assurance, and other functions related to your Health Plan. Although underwriting falls within the definition of health care operations, we will not use or disclose genetic information for purposes of underwriting. Genetic information is defined under the Genetic Information Nondiscrimination Act (GINA).

Family and Friends Involved in Your Care – If you are available and do not object, we may disclose your PHI to your family, friends, and others who are involved in your care or payment of a claim. If you are unavailable or incapacitated and we determine that a limited disclosure is in your best interest, we may share limited PHI with such individuals. For example, we may use our professional judgment to disclose PHI to your spouse concerning the processing of a claim. If you do not wish CAIC to share PHI with your spouse or others, you may exercise your right to request a restriction on CAIC’s disclosures of your PHI (see below).

Business Associates – Certain aspects and components of our services are performed through contracts with outside persons or organizations. Examples of these outside persons and organizations include our duly-appointed insurance agents and vendors that help us process your claims. At times it may be necessary for us to provide certain of your PHI to one or more of these outside persons or organizations.

Other Products and Services – We may contact you to provide information about other health-related products and services that may be of interest to you. For example, we may use and disclose your PHI for the purpose of communicating to you about our health insurance products that could enhance or substitute for existing Health Plan coverage, and about health-related products and services that may add value to your Health Plan.

Other Uses and Disclosures – We may make certain other uses and disclosures of your PHI without your authorization:

- We may use or disclose your PHI for any purpose required by law. For example, CAIC may be required by law to use or disclose your PHI to respond to a court order.
- We may disclose your PHI for public health activities, such as reporting of disease, injury, birth and death, and for public health investigations.
- We may disclose your PHI to the proper authorities if we suspect child abuse or neglect; we may also disclose your PHI if we believe you to be a victim of abuse, neglect, or domestic violence.
- We may disclose your PHI if authorized by law to a government oversight agency (e.g., a state insurance department) conducting audits, investigations, or civil or criminal proceedings.
- We may disclose your PHI in the course of a judicial or administrative proceeding (e.g., to respond to a subpoena or discovery request).
- We may disclose your PHI to the proper authorities for law enforcement purposes.
- We may disclose your PHI to coroners, medical examiners, and/or funeral directors consistent with law.
- We may use or disclose your PHI for cadaveric organ, eye or tissue donation.
- We may use or disclose your PHI for research purposes, but only as permitted by law.
- We may use or disclose PHI to avert a serious threat to health or safety.
- We may use or disclose your PHI if you are a member of the military as required by armed forces services, and we may also disclose your PHI for other specialized government functions such as national security or intelligence activities.
- We may disclose your PHI to workers' compensation agencies for your workers' compensation benefit determination.
- We will, if required by law, release your PHI to the Secretary of the Department of Health and Human Services for enforcement of HIPAA.

Your Authorization – Except as outlined above, we will not use or disclose your PHI unless you have signed a form authorizing the use or disclosure. Specifically, most uses and disclosures of psychotherapy notes, uses or disclosures for marketing purposes and disclosures that constitute a sale of PHI require an authorization. You have the right to revoke that authorization in writing except to the extent that we have taken action in reliance upon the authorization or that the authorization was obtained as a condition of obtaining insurance, and we have the right, under other law, to contest a claim under the plan itself.

- The following are examples of when your authorization would be required prior to use and disclosure:
 - Most uses and disclosures of your psychotherapy notes.
 - Uses and disclosures of your PHI for marketing purposes.
 - Uses and disclosures that constitute a sale of PHI.

Breach of Unsecured PHI – If CAIC or a Business Associate of CAIC causes a breach to occur that involved your unsecured PHI, we are required by law to notify you of the incident.

RIGHTS THAT YOU HAVE

Access to Your PHI – You have the right to copy and/or inspect certain PHI that we maintain about you. Certain requests for access to your PHI must be in writing, must state that you want access to your PHI and must be signed by you or your representative (e.g., requests for medical records provided to us directly from your health care provider). We must provide you with access to your PHI in the form or format requested by you, if it is readily producible in such form or format, or, if not, in a form or format agreed upon by you and CAIC. Access request forms are available from CAIC at the address below. We may charge you a fee for copying and postage. We may deny your request for access in certain very limited circumstances, such as request to access psychotherapy notes.

Amendments to Your PHI – You have the right to request that PHI that we maintain about you be amended or corrected. We are not obligated to make all requested amendments but will give each request careful consideration. To be considered, your amendment request must be in writing, must be signed by you or your representative, and must state the reasons for the amendment/correction request. Amendment request forms are available from CAIC at the address below.

Accounting for Disclosures of Your PHI – You have the right to receive an accounting of certain disclosures made by us of your PHI. Examples of disclosures that we are required to account for include those to state insurance departments, pursuant to valid legal process, or for law enforcement purposes. To be considered, your accounting requests must be in writing and signed by you or your representative. Accounting request forms are available from CAIC at the address below. The first accounting in any 12-month period is free; however, we may charge you a fee for each subsequent accounting you request within the same 12-month period.

Restrictions on Use and Disclosure of Your PHI – You have the right to request restrictions on certain of our uses and disclosures of your PHI for insurance payment or health care operations, disclosures made to persons involved in your care, and disclosures for disaster relief purposes. For example, you may request that we not disclose your PHI to your spouse. Your request must describe in detail the restriction you are requesting. HIPAA does not require us to agree to your request but we will accommodate reasonable requests when appropriate. We retain the right to terminate an agreed-to restriction if we believe such termination is appropriate. In the event of a termination by us, we will notify you of such termination. You also have the right to terminate, in writing or orally, any agreed-to restriction. Requests for a restriction (or termination of an existing restriction) may be made by contacting CAIC at the telephone number or address below.

However, we are authorized by law to refuse to honor any request to restrict disclosures for treatment, payment or health care operations. Nonetheless, we will comply with a restriction request if (i) the disclosure is to the Health Plan for purposes of carrying out payment or healthcare operations, except as otherwise required by law, (ii) the PHI relates solely to a health care item or service for which the healthcare provider involved has been paid out-of-pocket in full.

Request for Confidential Communications – You have the right to request that communications regarding your PHI be made by alternative means or at alternative locations. For example, you may request that messages not be left on voice mail or sent to a particular address. We are required to accommodate reasonable requests if you inform us that disclosure of all or part of your information could place you in danger. Requests for confidential communications must be in writing, signed by you or your representative, and sent to CAIC at the address below.

Right to a Copy of the Notice – You have the right to a paper copy of this Notice upon request by contacting CAIC at the telephone number or address below.

Complaints – If you believe your privacy rights have been violated, you can file a complaint with CAIC in writing at the address below. You may also file a complaint in writing with the Secretary of the U.S. Department of Health and Human Services in Washington, D.C., within 180 days of a violation of your rights. There will be no retaliation for filing a complaint.
