TERMS YOU NEED TO KNOW

Accidental injury or injuries means bodily injury or injuries resulting from an unforeseen and unexpected traumatic event that meets the definition of *covered accident*.

Common carrier means an airline carrier that is licensed by the United States Federal Aviation Administration and operated by a licensed pilot on a regular schedule between established airports; a railroad train that is licensed and operated for passenger service only; or a boat or ship that is licensed for passenger service and operated on a regular schedule between established ports.

Covered accident means an unforeseen and unexpected traumatic event resulting in bodily injury. An event meets the qualifications of covered accident if it occurs on or after the plan's effective date, occurs while coverage is in force, and is not specifically excluded.

Dependent children are your or your Spouse's natural children, step-children, legally adopted children, foster children or children placed for adoption who are younger than age 26.

However, there is an exception to the age-26 limit listed above. This limit will not apply to any child who is incapable of self-sustaining employment due to mental or physical handicap and is dependent on a parent for support. You or your Spouse must furnish proof of this incapacity and dependency to the Company within 31 days following the Child's 26th birthday, but not more frequently than annually.

A newborn child will be covered from the moment of birth, if the birth occurs while the plan is in force. Foster children and adopted children shall be treated the same as newborn infants and eligible for coverage on the same basis upon placement in the foster home or placement for adoption. Prior notification will not be required unless an additional premium charge to add the dependent is due. If an additional premium charge is due to cover the dependent, we will cover the newborn child, foster child or adopted child from the moment of birth or placement if the child is enrolled within 30 days after the date of birth or placement.

If a parent is required by a court or administrative order to provide insurance for a child, and the parent is eligible for family insurance coverage, we;

- will allow the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions.
- will enroll the child under family coverage upon application of the child's other parent or the Department of Health and Human Services in connection with its administration of the Medical Assistance or Child Support Enforcement Program if the parent is enrolled but fails to make application to obtain coverage for the child.
- will not disenroll or eliminate coverage of the child unless we are provided satisfactory written evidence that:

- a. The court or administrative order is no longer in effect; or
- b. The child is or will be enrolled in comparable health benefit plan coverage through another health insurer, which coverage will take effect no later than the effective date of disenrollment.

We will not decline enrollment of a child on the grounds the child was born out of wedlock, the child was not claimed as dependent on the parent's federal tax return; or the child does not reside with the parent or the insurer's service area.

Dismemberment means: loss of a hand – The hand is removed at or above the wrist joint; loss of a foot – The foot is removed at or above the ankle; or loss of sight – At least 80% of the vision in one eye is lost (such loss of sight must be permanent and irrecoverable); or loss of a finger/toe – The finger or toe is removed at or above the joint where it is attached to the hand or foot.

Doctor is defined as a person who is a legally qualified to practice medicine, licensed as a physician by the state where treatment is received, and licensed to treat the type of condition for which a claim is made. A doctor does not include you or your family member.

Employee means a person who is actively at work with the master policyholder, engaged in full-time work, and is included in the class of employees eligible for coverage.

Family member includes your spouse (who is defined as your legal wife or husband) as well as the following members of your immediate family: son, daughter, mother, father, sister, or brother.

This includes step-family members and family-members-in-law.

Hospital refers to a place that is legally licensed and operated as a hospital; provides overnight care of injured and sick people; is supervised by a doctor; has full-time nurses supervised by a registered nurse; has on-site or pre-arranged use of X-ray equipment, laboratory, and surgical facilities; and maintains permanent medical history records.

A hospital is not a nursing home; an extended-care facility; a convalescent home; a rest home or a home for the aged; a place for alcoholics or drug addicts; or a mental institution.

Hospital Intensive Care Unit refers to a specifically designed hospital facility that provides the highest level of medical care and is restricted to patients who are critically ill or injured. Hospital Intensive Care Units must be separate and apart from the surgical recovery room; separate and apart from rooms, beds, and wards customarily used for patient confinement; permanently equipped with special life-saving equipment to care for the critically ill or injured; and under constant and continuous observation by nursing staffs assigned to the Intensive Care Unit on an exclusive, full-time basis.

You and **Your** refer to an employee as defined in the plan.

We refers to Continental American Insurance Company.

Spouse means your legal wife or husband. Coverage may only be issued to your spouse if your spouse is over 18.

You May Continue Your Coverage

Your coverage may be continued with certain stipulations. See certificate for details.

Termination

Your insurance may terminate when the plan is terminated; the 31st day after the premium due date if the premium has not been paid; or the date you no longer belong to an eligible class. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was in force. See certificate for details.

Reinstatement

If any renewal premium is not paid on time (as outlined in the initial payment agreement) for the Plan, the Company (or an agent who is authorized by the Company) may accept the late premium and reinstate the Plan without requiring a new Application.

However, if the Company (or authorized agent) does require an Application for reinstatement and issues a conditional receipt for the premium tendered, the Plan will be reinstated:

- Upon the Company's approval, or
- Lacking such approval, upon the 45th day following the date of the conditional receipt (unless the Company has previously notified the Policyholder in writing of its disapproval of such Application).

The reinstated Plan covers only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after such date. In all other respects, the Policyholder and the Company will have the same rights they had under the Plan immediately before the due date of the defaulted premium (subject to any provisions endorsed with or attached to the reinstatement).

Any premium accepted with a reinstatement will:

- Be applied to a period for which premium has not been previously paid,

but

- Not to any period more than 60 days prior to the date of reinstatement.

Effective Date

The effective date for you, the employee, is as follows: (1) Your insurance will be effective on the date shown on the certificate schedule, provided you are then actively at work. (2) If you are not actively at work on the date coverage would otherwise become effective, the effective date of your coverage will be the date on which you are first thereafter actively at work.
