ACCELERATED BENEFIT

The General Description and Benefit Example in this section are for informational purposes only.

Refer to your employee booklet for your coverage amounts.

General Description

An accelerated benefit is an advance (before death) payment of a part of your member life insurance benefit. To qualify for an accelerated benefit, you must:

- be insured for a member life insurance benefit of at least the amount indicated in your benefit booklet (typically $10,000 - $20,000); and
- be terminally ill (expected to die within the time period indicated in your benefit booklet; typically 12-24 months); and
- send proof satisfactory to us of your terminal illness; and
- provide a release from the assignee if any part of your member life insurance benefit has been assigned.

If you qualify, we will pay you any amount you request; except that:

- only one accelerated benefit payment will be made during your lifetime; and
- your request for payment must be at least the amount indicated in your benefit booklet (typically $5,000 or $10,000); and
- we will not pay you more than the amount indicated in your benefit booklet (typically 50% – 75% up to a maximum amount specified in your benefit booklet).

If an accelerated benefit is paid, the member life insurance benefit otherwise payable to your beneficiary upon your death will be reduced by the accelerated payment.

Benefit Example

– Member life insurance benefit amount	$	100,000
– Accelerated benefit amount requested	$	50,000
– Accelerated benefit paid on August 15	$	50,000
– Member dies on November 15		
– Payment to beneficiary		
($100,000 - $50,000)	$	50,000

Tax Consequences

Accelerated benefit payments from this policy may qualify for special tax status if, according to federal definitions, the insured qualifies as terminally ill, or qualifies as chronically ill and uses the accelerated benefit to pay for costs incurred by the insured during the chronic illness. However, if the accelerated benefit is based on “medical conditions” and not terminal or chronic illness as defined in the federal tax code, the benefits may be taxable. We recommend that you contact a tax advisor when making tax-related decisions about electing to receive and use benefits from an accelerated benefit product.

Effect on Government Benefits

Receipt of an accelerated benefit might adversely affect your eligibility for Medicaid or other government benefits or entitlements.
